*Over very recent times, Coles has acquired and re-branded a number of Franklins stores.*

*This re-branding exercise is now significantly underway, and the first series of stores is completed.*

*We, at Coles Facilities, decided to involve our suppliers as early as possible to ensure a co-operative and communicative approach.*

*Your response was fantastic and a key success factor in the successful delivery of our projects.*

*The completed projects are a testament to the strong relationships that have been developed and will continue to flourish.*

*Thank you for your continued support and commitment to Coles Supermarkets*

*From everyone at Coles Supermarkets we wish you and your team and your families a very Merry Christmas and a happy & safe New Year 2002.*
